

# GRAVITY HIGH POROSITY

A professional grade living soil blend with optimal aeration for container horticulture.

A nutrient dense variation of our Gravity Growers Mix popular with cannabis farmers. Mineral balanced with three sources of calcium and a full suite of organic amendments supply your crop for the first 4-6 weeks of rapid vegetative growth. This coco & compost-based mix is full of beneficial microbiology to partner with your plant's health. Formulated for superior drainage.

Ingredients: Coconut Coir, Aged Bark Fines, Organic Compost, Perlite Diatomaceous Clay, Gypsum, Feather Meal, Crab Meal, Bone Meal
