

DIRTCRAFT
LIVING SOILS

LEVITATION SEEDLING MIX

ORGANIC SEED STARTING SOIL

Ideal for the greenhouse grower with optimal recipe for consistent germination. Unique peat-free formulation for big root growth. Coco/Compost based mix holds water longer than traditional media and naturally re-wets with ease. Powerful organic amendment suite provides for the initial weeks of plant growth until transplant. Sustainably Sourced.

Ingredients: Coconut Coir, Organic Compost, Aged Bark Fines, Rice Hulls, Diatomite, Blood Meal, Fish Bone Meal, Kelp Meal, Gypsum.
